The 2024 SAMP program:

The SAMP Internship program begins as a one-month (160-hour) internship with the goal of the intern being offered direct employment with the SAMP employer, although this is not guaranteed. Upon completion of the internship and accepting an offer for direct employment the 18-month education portion of the SAMP program begins, where the employee works while simultaneously attending classes at Pima Community College (PCC). While attending PCC the employee will be working towards an Industry certification in their chosen field, usually the CNC Operator's Certification. Tuition assistance for the PCC certificate (based on eligibility) is provided through the Pima County One-Stop Youth Employment Center.

The 2024 SAMP program has one Pre-Requisite:

- Application for Federal Student Aid (FAFSA) - filed and completed (You will need an award document showing the application was filed)

SAMP partners and Pima County want to make sure that you are willing to fully commit to this program and be dedicated to your studies towards completing one of PCC's industry recognized certifications?
